Carabiniere In Far-Off Italy Views Village Girl's Picture And Right Off, He's in Love

Mario Sacco's heart in far off Torino, Italy is no doubt palpitating to the tune of one of Cupid's arrows that had ts origin right here in Palm Springs.

In a letter written to the Doll House, Palm Springs he writes in a fine Italian hand that he is a "carabinere" who led as tranquil and as peaceful a life as his duties permitted. But since viewing a picture of a Villager attired in an abbreviated swimming suit standing in front of George Strebe's Doll House he has been obsessed with only one objective-to obtain her name and address. ture was published in a Torino newspaper.

Angelo Pistoni of the Amado Cafe translated the letter for George Strebe and the latter is now engaged in assisting, you guessed it, "cupid in finding the name and address of the girl."

WILLIAM DUNKERLEY "Publisher for a Day"

(When things don't go right in a community, the chamber of Commerce usually gets blamed. It's the most criticized organization in every town—no matter how good. That's the situation which Bill Dunkerley, manager of the local chamber, has met with a constructive, well-organized program that has brought him respect and admiration—O.B.L.) him respect and admiration.—O.B.J.)

A PHASE of Chamber of Commerce work which is not as well known as other activities is called "contact relations." Almost everyone knows that the Chamber handles the community's advertising program, solicits and works with conventions, plans, produces and places publicity, coordinates events, assists hotelmen and merchants and carries on many other activities which are conductive to where he will attend a meeting of directors of the California of town so visitors to the Chamber only hear. "The of-town so visitors to the Chamber only hear, "The Chamber Manager is in Los Angeles for the day.

Contact relations is a variety of public relations except that no contact is made with the public. It is a matter of contacting key business executives in metropolitan areas such as Los Angeles where there are approximately 5,000,000 potential Palm Springs visitors, a press and public relations center where large national firms headquarter officials who are interested in reciprocal business relations with a resort area such as Palm Springs. Contact relations is a matter of contacting (or better still, keeping in constant contact with) officials of these transportation, merchandising and banking firms. The Southern Pacific is a fine example because of many years of friendly and profitable relationship between this important nationwide railroad net and "America's Foremost Desert Resort." The Southern Pacific is interested in increased passenger traffic just as Palm Springs is interested in more visitors. Anything Palm Springs can do to increase the number of visitors will at least indirectly help the Southern Pacific. Anything the Southern Pacific can do to encourage more Western travel stands a good chance of helping Palm Springs. So this is why your Chamber of Commerce makes trips to Los Angeles. The Advertising Director for the Southern Pacific in Los An-(Please turn to page 4)

ist Events Now, Appeal Of Chamber

week by the Chamber of Commerce to all organizations in the Village, estimated at 70 or more, which are planning events during the coming season, to acquaint the chamber of their

plans at once.

Haste in reporting projected events with the Chamber, William Dunkerley, manager of the organization announced, is the necessity of scheduling events to avoid two or more taking place on the same day "thus detracting from each other," and be preparation of material to used in a brochure for out-ofdissemination. The Chamber in addition

vishes to offer suggestions and guidance to those organizations and to plant out-of-town publicity for those events which are ter period as well for those who open to the public in order "to build interest and attendance such affairs," Dunkerly stat-

He said the Chamber was now preparing the Calender of Events for the 1950-51 season and assistance from the various organizations in the Village is needed as it was last year.

"Once an organization gives us the dates of planned events," said Dunkerley, "the records of the Chamber of Commerce are checked to determine whether the dates conflict with any event already scheduled." this manner, he said, con-

New Season . To be Opened On October 11

many firms and hotels will be open before that date October 11 has been set as the "official" opening of the 1950-51 season. By that time, directors feel, all "brown paper" will be down and the Village look spic and span to the visitors expected.

William Dunkerley, manager of the Chamber announced yesterday the annual party of that organization will feature the official opening day of next sea

HE POINTED OUT that the following day members of the California Horsemen's association open their four day meet already predicted to be one of the largest conventions of its kind ever held in Southern Cal-ifornia in the city.

"The event which may take the form of a barbecue and dance as a benefit for the Chamber," said Dunkerley, "has been stepped ahead one day so it would not conflict with the night show to be staged by the horsemen October 12 at the Pole Crowde." 12 at the Polo Grounds."

HE ADDED THAT all members of the California Horsemen's association in the Village will be invited to attend the Chamber party. It was pointed out that a large number of conventioners would be in the Village a day or more before their convention officially opens.

or more before their convention officially opens.

Dunkerley stated that there was belief in some quarters that the official opening of the 1950-51 season should take place in September but this plan was turned down by directors of the

Chamber of Commerce.

They gave as their reason that many of the business establishments and hotels would still be many of the business establish-ments and hotels would still be closed in September with con-siderable brown paper still dec-orating many of the windows.

Idyllwild Concert Scheduled Sunday

Sponsored by James Roosevelt Band-Wagon Committee.

He Doesn't Care Who Passes Him!

ONE OF the rarest satisfactions a 1950 Cadillac brings to its owner is serenity. He hasn't the slightest reservation about his car-and he takes to the highway with complete peace of mind.

Watch him briefly in the stream of traffic-and, if he is a normal Cadillac driver, you will quickly sense what we mean. He drives as befits his mood and his requirements, and is quite content to let other people

Unless he happens to be in a hurry, it is all right with him if another driver wants the honors when the light turns green. He knows that the surplus power in that eager, dynamic engine was put there for his safety and driving ease—and not for dramatic display on the get-away.

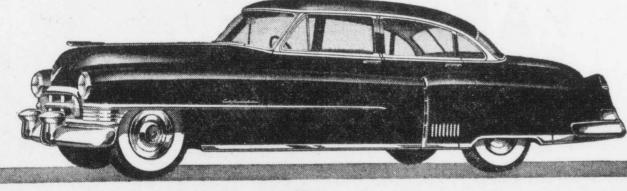

And so on the open road. If you wish to drive a little faster than he does, let him know.

He understands that his last two inches of throttle were not put there for the ungracious purpose of dominating the highway. They are there for an emergency-and for that lovely, floating, cruising ride which only a great reserve of power can provide.

So roll along, if you're in a hurry-and the top o' the mornin' to you!

It's a wonderful thing, this feeling of calm confidence in your motor car. It lessens the strain, and increases the pleasure, of every mile you drive. Many say it's their happiest surprise when they first take the wheel

And we're wondering if you realize how easily and practically it can be your own. Listen . . . the lowerpriced models in the Cadillac line cost less to buy than the highest-priced models of numerous other cars! Why not come in today?

A Complete Census is Important

which is reported as having been completed here?

If all of the stories heard on the street are true, Palm Springs will suffer when the final figures are given out. Many have said that they were not counted and did not see a census enumerator.

The Desert Sun last week published an article in which it was stated that if any were missed by the census enumerator, they would find census forms and envelopes at The Sun office. These forms were gone within a short time after the paper was on the stands and in the mails, indicating that many were missed.

B. Hummell whose address is 40 West Ramsey street, Banning, was in charge of the census count in that city and in Palm Springs and is eager to have everyone included. More forms may be obtained from him.

Russell Rink, city manager, pointed up in some other way.

Were you included in the census count out that on the basis of present apportionments to cities from state funds such as motor vehicle fees and gasoline tax collections, Palm Springs will lose \$5.46 for every person missed in the count. These apportionments are based on population statistics.

Four years ago a special census was taken here and the city's share in state funds was almost doubled as a result. But a special census is costly and the

important fact is to be counted in the official 1950 census, now.

If you have not been counted call the city hall, 2202, where Mr. Rink has arranged for your names to be taken. He then will pass the information to Mr. Hummell or the district census office for checking against the official returns.

But be sure to call if you were missed. Otherwise you will cost the city \$5.46 -which will probably have to be made

Soooo this is Ole Olsen without Johnson type-toeing into the eru-dite column of the glamorous Edith Eddy Ward and throwing around a miscellaneous concot tion of unrelated persiflage that will once and for all teach the loveliest of the desert flowers not alone a comedian with a broken leg conduct her column. The fourth Estate is not my heritage. All I know is what I overheard at the coffee shop in Palm Desert: Carl Henderson: "She was like Venus de Milo, beautiful but not all there." Win Andrews— "He's so bowlegged he looks like one bite out of a doughnut." Harold Carpenter— "That suit looks like something Sears made behind Roebuck's back." Bert Cavenagh—"She had the fact of a Saint—a Saint Beralone a comedian with a broken the fact of a Saint—a Saint Bernard." Art Chapman — "What goes on in that pretty little head, and when I say pretty little head, and when I say pretty little head I mean it's pretty little for a head." Dr. Church—"She's an old fashioned girl—one old fashioned after another." May Cool
-"She's not hoity-toity. She may -"She's not hoity-toity. She may be hoity but she'll never see toity again." Art Fields—"I've had a lovely evening but this wasn't it." Fred Talbot—"They make such a wonderful couple. He's the head of the bell hops and she is the belle of the hop heads." Dr. Hanson—"He's a model husband. He goes out with nothing but models."

For years actors have visited Rotary luncheons but last Saturday for the first time the Palm Desert Rotary club visited an actor. For obvious reasons his name will remain, like alcohol, anonymous for fear it will be found out by his partner Johnson who thinks he is bed ridden with a broken leg.

Midst the many hilarious innovations at the luncheon, Cliff Henderson was called upon to tell a derogatory story about the For years actors have visited

Henderson was called upon to tell a derogatory story about the Republicans whereupon he re-called the letter that had been received by the sage of the fre-quencies, Mr. Anthony as fol-lows: Dear Mr. Anthony: I am a petty thief and I have a cousin who is a Penyllican Mr. father petty thief and I have a cousin who is a Republican. My father is in Alcatraz and my mother has just ran away with a gangster. Our home is now dependent for support on two sisters who are feeble minded. I have a brother but he is in Sing Sing. I am in love with a Ubangi girl who is in a hospital being treated for chapped lips. Though she ed for chapped lips. Though she knows nothing about me she is simply wild about me. We intend to get married as soon as she gets a divorce from her midget husband and when I settle my bigamy case. When we get married we intend to settle down and raise marijuana. Now, Mr. Anthony, this is my problem: In view of the fact that I intend to make this girl my wife and bring her into my family, should I or should I not tell her about the state of the sta my cousin who is a republican?

—You know these stories are all coming back.

Then Dr. Macartney was asked to tell a story in rebuttal and without a moment's hesitation he rose to the occasion and re-

DISTRICT ATTORNEY WILLIAM O. MACKEY

There is no substitute for Experience on the Job

Vote June 6, 1950

Memory Lane

(From the Files of The Desert Sun of the Week of May 26, 1930).

It is believed the 1930 census will show a population of 1450 for Palm Springs. This is a marvelous growth in the past ten years.

The Village is up in arms as the "meanest man" continues to poison dogs. His toll to date is ten. "Laddie", beautiful Collie belonging to Mr. and Mrs. Ed Musson was the latest victim. Dire threats are being muttered by Villagers.

Mrs. Austin G. McManus has received seeds from some of the most unique trees in the world, the Traveler Trees. The trees, native of Madgascar, are similiar to palms and very rare.

Mrs. Cynthia A. Bunker en-joyed a delightful Mother's Day party in Los Angeles with four of her daughters and one son being with her. Present were Mrs. W. S. Farnsworth of Phoenix, Mrs. Emma Laizure of San Fran-cisco, Mrs C. F. Blair of San Gabriel, Mrs. F. H. Fowler of Van Nuys and her son. Ed Bunker at whose home the party was held.

Marsh Jost was host at a wienie bake at Tahquitz creek bridge with a large number of friends present.

A helldiver was found in El Mirador pool this week. It could not get sufficient elevation in taking off to clear the wall surrounding the pool. Ed. Myers caught the bird diving for it while it was submerged. It now makes El Mirador pool its headquarters.

Mr. and Mrs. Carl Lykken plan to leave June 1 for Idyllwild where they will spend the summer.

Mrs. Charles S. Henderson spent last week in Los Ang-es combining business with pleasure. She was guest of honor at a dinner given by Mr. and Mrs. W. S. Connor of Glendale. Mr. and Mrs. Henderson and son Joseph will spend June and July at Idyllwild.

as for me I am happy to live here in this great community with its church, its post office, its school, and its nice people Sustling with civic pride where l always be content to remain little Sunbeam in our Palm Dreamer can have his Utopia but Desert of memories

PUBLISHER'S CORNER

geles is included in frequent calls. Some of the subjects discussed deal with the coordination of advertising, use of Palm Springs direct mail brochure by the Southern Pacific (last year Southern Pacific mailed 30,000 Palm Springs pre-season events mailing pieces), publicity coordination and use of the Chamber's photo murals.

OTHER RAILROADS are contacted, such as the Union Pacific and Rock Island. Airlines, beginning with Western Air Lines, are included in transportation calls, as are bus and freight lines. Western Air Lines is now using all of the Chamber's large color photo murals in their San Francisco, Portland and Seattle offices-endeavoring to build business for their first year of summer Palm Springs service. T.W.A. has sent Chamber of Commerce photographs to their eastern office to include Palm Springs in a new issue of their sun country folder. American Airlines will release its Palm Springs story to all its world offices in the fall.

Closest coordination is with large downtown department stores having Palm Springs brochures. Through their advertising departments as well as local store managers much time is spent working out cooperative advertising schemes: window displays, direct mail inserts with monthly billings, Palm Springs background in ads, new shopping ideas, convention tie-in. This includes Bullocks' Desmond's and Robinson's and chain stores such as Safe-

All major oil companies are being contacted to suggest map corrections if needed and more prominent marking of Highway 111. Travel agents, the All Year Club, Los Angeles Chamber of Commerce and the Automobile Club of Southern California are included in these calls whenever possible because of the prominent part they play in sending visitors to Palm Springs.

ALTHOUGH this is not the season for consistent "planting" of press releases, your Chamber of Commerce from time to time visits the "City" rooms of the five metropolitan papers, especially the sports and society desks, to keep up acquaintances for the time in the fall when a new publicity person will need these contacts (Last Thursday Braven Dyer asked, "How are plans coming for next season's sports releases?") Visits are also made to the news and photo syndicates for the same purpose as

All of this work called "contact relations" is vital to promotional work carried on by your Chamber of Commerce. It cannot be done in Palm Springs. Letters and phone calls will not replace personal selling which is constantly carried on by your Chamber of Commerce.

Tourist Business Sets High Mark In "Slow? Month

April, once regarded as a dol drums in the tourist business, brought Southern California over twenty million dollars of out-of-state spendings, the All-Year Club reported today, Approximately 172,500 vacat-

ion travelers came here during the month and spent \$20,484,000 while they were here, according to Don Thomas, managing-director of the Southland's com munity travel advertising organ

April is mid-month in the Spring vacation season of March-April-May, in the Southland's new four-season, all-the-year tourist vacation business.

Thomas said the goal of the All-Year Club program is a smooth flow of out-of-state income coming here all 12 months of the year, in order to help stabilize business activity and the thousands of jobs which depend upon spendings by the visitors.

The \$20,484,000 figure, Thomas explained, means money spent in Southern California. In order to spend it here the tourists had to be persuaded to make, in most cases, a round trip of 4000 miles from their home in eastern and middlewestern states.

Supervisors Firm on Site For Branch

Supervisors Monday refused to change their decision on the site for a branch courthouse despite a letter of protest received from the Coachella Valley Advisory

the Coachella Valley Auxiliary Planning committee.
Two weeks ago, at the suggestion of Collis Mayflower, fourth district supervisor, the board selected a five-acre site at the Fairgrounds at Indio for the Fairgrounds at Indio for the Salidations.

In the Coachella Valley Auxiliary Proposition of Supervisor with the Supervisor Value.

Jones told fellow supervisors Monday that he was going to be a spot on the November ballot for a measure asking repeal of all county zoning regulations.

At its meeting last week the Advisory committee protested the site and said it had not been consulted by the board before the selection was announced. Since the committee had been working many months studying prospective sites, members thought it should have been consulted.

Two more free sites were avail ble, they said. Mayflower stuck to his guns however, Monday and said his choice was the logical one.

The protest was filed by the board without action.

Ballet on Stage At Plaza Tonight

Palm Springs patrons of arts will be privileged to see an alllocal talent ballet performance this evening at the Plaza

Theatre.
The pupils of Constance Mc-Cormick, ballet and tap teacher for the Roy Randolph Dance Studio, will present scenes from Firemen a Workout

WILLIAM G. BONELLI Member, State Board of Equalization

Mr. William G. Bonelli has represented the Fourth District of the Board of Equalization (including Riverside County) for the past thirteen years. His decisions have always been fair and impartial and the results thereof offer sufficient evidence of his wisdom in the administration of his duties as a board member. Riverside County is one of the cleanest Counties in the State, due in a large measure to his judgment, policies and procedure.

His is an excellent record, and on that record we earnestly solicit your vote at the Primaries on-

June 6, 1950

WARNING

There will be two candidates by the name of Bonelli on your ballot. Don't let this ruse succeed. Use caution and vote for-

WILLIAM G. BONELLI (Incumbent)

OPEN TO SERVE YOU ALL SUMMER

Palm Springs in the "old days" when the warm weather of summer came, had its then small population decimated. Those who could, sought the cool refuge of the coastal plain. Modern improvements, the result of scientific developments, have successfully prevailed over nature's extremes. Now with the presence of scores of swimming pools, summer lawns, shrubs and trees in abundance, along with the use of air-conditioning and coolers for every home and place of business, life through the summer in Palm Springs is most pleasant. The healing sun's rays are tonic and recuperative for those who need this type of climate. The business life of the Village, though operated at a more leisurely pace, is a fairly active one. In answer to the vital needs for all necessities, Palm Springs merchants and business men respond well, and provide every need to the summer resident and visitor. We salute their noble efforts, and urge all to support them for their fine spirit!

Helen Hester Says Lower Taxes Chief District Need

Helen Hester of Indio, candidate for supervisor from the Fourth District, was in Palm lems numerous and perplexing Springs yesterday and listed her platform and aims in a discussion of the coming election. The platform and aims in a discussion of the coming election, June at Riverside. It's immense size, ion of the coming election, June 6th.

"Many critical problems confront us in Riverside County, and while I readily admit that I do not have the answers to all these problems, I do assure the voters that I shall devote my energies toward their solution in the interest of the greatest number of our citizens." She at Riverside. It's immense size, covering two-thirds of the entire county area, and including 40 per cent of the valuation and population, is a real challenge to anyone seeking to adequately represent it. I am very proud that the Good Government League, made up of representatives of all parts of this mammoth district, saw fit to give me it's

Hurry---Last Few Days---Hurry

After you, my dear Alphonsé

We must admit that the gentlemen above are carrying politeness a bit too far, but a certain amount of neighborly politeness on the Party Line pays off in better service for all concerned.

When two or more people are on a telephone party line a little thoughtful consideration is needed if all are to share the service equally and to aid in the cultivation of party line cooperation we offer the following suggestions:

Be sure to have the right number before

Replace the receiver properly when finished talking.

Space your calls-do not make one right after the other.

Do not permit your children to monopolize the telephone.

If these suggestions are followed party line service will be improved immeasurably. Thank you.

California Water & Telephone Company

indorsement for this post

"Taxation most certainly is the major problem facing us in Riverside County. We have seen taxes climb until hundreds of persons must borrow to pay their levies, and homes actually through inability to meet the than just a word in county government-it must be the guiding statement. influence in every action of our

unty board. "Surely the prime duty of a supervisor from the fourth district is the lending of every possible assistance to those two reat industries that have made his area world-renown—agri-alture and tourist travel. Millons of dollars of income from se two sources annually have made the San Gorgonio Pass, Coachella Valley and Palo Verde Valley better places in which amilies make their homes and earn their livelihood. A county sibility to do everything possible to support and expand these in-dustries. Extent of the tourist industry in California is understood by figures showing that 66,000 persons—6,000 more than for the same period last year— entered via Blythe last month.

"I AM KEENLY AWARE of the esidents of the eastern part of he county rather than force them to make the long trip to the county seat. This can and should be done by county gov-

"Likewise the redistricting of "Likewise the redistricting of the supervsorial districts is long overdue. Today the fourth dist-trict has the people and valua-tion for two districts of the five, but we have but one supervisor to represent this vast territor the wishes of the people of the fourth district and carry out their desires in the districting

"In conclusion I merely wish to say that I shall endeavor to be a supervisor for all the people of the county as well as for those of my district, for I realize that the Board of Supervisors must at once face up to the realistic fact that they must consider the needs and welfare of the entire county instead of serving only as a 'district sup-

Board in Letter

are in danger of being lost Dr. Robert Westphal, who rereasons for quitting with the

> "Anyone who is aware of the functioning of Riverside County government knows that it must become discouraging to someone in a specialized field when he is hired to advise the Board of Supervisors in regard to mat-ters in that field, when practically all suggestions are rejected by a majority of the Board of Supervisors, men who do not have the slightest inkling as to the operation of a health department or other branches of County Government

During his two years as county Health Officer, Dr. Westphal had proposed several im-portant health measures to the Supervisors. Most had been re-

But Dr. Westphal also said vesterday: "However, remuneration was the primary considera tion for my leaving and, judg-ing from past events, there seemed to be no hope of improvement along that line. commenting on paid Dr. Westphal called attention to the high turn-over in personnel and the supervisors argument that they are practic-

is poor economy when there is so much turnover. This has become a training ground for people, who, when they become proficient and use ful go to other localities to be paid for their services.

Cox Post Will Receive Charter

Presentation of the charter and barbecue will feature a meeting of William H. Cox Post, No. 615, American Legion, at the Lazy C Ranch, three miles north of the Village on Highway

111, Sunday.
The ceremonies of presentation of the charter to the post will be held a 2 p.m. followed by a barbecue dinner.

Varner Urges Advisory Committee in Each City

Formation of citizens advisory groups in all Fourth District communities was advocated this week by Homer Varner, candidat for supervisor at the June 6 primary. Varner would replace collis R. Mayflower of Blythe, who is not seeking election. who is not seeking election. "Committees like these, work-

ng closely with the Fourth Disrict supervisor, would help solve local problems to best ad-vantage of the communities and east cost to the county." he de-

Varner, for four years Indio city treasurer and since 1948 Fourth District representative on Fourth District representative on the County Planning Commiss-ion, cited the volunteer work of the Coachella Valley Advisory Planning Committee as illustra-ton of his project. Varner was secretary of the committee in 1948 when the Eliot-Twenty-year Master Plan of Coachella Valley devolopment was perfected

devolopment was perfected.
"The same pattern could apply on a smaller scale in each of the rapidly-growing Fourth District communities," Varner Each could set up a cit the City Council, Chamber of Commerce or similar body, Each ommittee would meet regularly with the Fourth District supervisor, keeping him advised of

ment and greater development of agriculture, the tourist in-dustry and small business in the Fourth District are the basis of Varner's campaign.

A Brief...

STATEMENT OF FACT!

By Col. Robert A. Ellsworth CANDIDATE for SUPERVISOR

4th District Riverside County

1. BACKGROUND: I'm not a politician, I've never run for public office. I'm a leader of men, qualified through 30 years of experience as an officer and soldier. I was one of the youngest non-commissioned officers in World War I and engaged in three major offensives. I was appointed from the Washington State National Guard to the U.S. Military Academy at West Point, New York, where I graduated in 1924.

At outbreak of World War II, I was stationed in Hawaii. I held the responsible position of Assistant to the Deputy Chief of Operations in the Hawaiian department during the battle of Midway. I was elected to command Canton Island, then the outpost and crossroad of the Pacific. I was executive of the 25th Division Artillery on Guadalcanal and the Solomon Island Campaign.

being hospitalized to the U.S., I joined the 35th Division, which was the St. Lo breakthrough division, and spearheaded with General Patton to the Battle of the Bulge. Thirteen citations and commendations in combat testify to my performance. I'm now retired with rank of Colonel and still only 49 years old.

2. PRESENT STATUS: I own my home at Palm Village, Indio, where I have resided for nearly five years. For two years I was Tract and Sales Manager for Palm Village and then became Sales Manager for Palm Desert. At present I am in the real estate business on my own. My two children are in collegemy daughter is graduating from Stephens College at Columbia, Missouri, this June, my son is studying engineering at Riverside Junior College and is going to Berkeley.

I have taken an active interest in Valley and Civic functions, am a past member of the Coachella Valley Advisory Planning Committee. I have had a part in the formation of the Palm Village and Palm Desert Development Association and have been unanimously elected chairman of its Board of Directors as evidence of the respect and esteem of my neighbors. As president of the Coachella Valley "High Twelve" club I have dedicated my services to community betterment and welfare. I have the veterans' respect and their welfare at heart, and am now serving as vice-commander of the 21st District of the American Legion and a member of the Department National Security Commission.

3. MY CONCEPT OF THE RESPONSIBILITIES **OF OFFICE:** Being a County Supervisor is a diffi-cult assignment. But I promise honest and efficient service and concrete accomplishments. It is a mansized job, requiring a man of integrity and ability to handle a difficult situation. The desert and the "Pass" have been forgotten children long enough. Good government can only be accomplished by placing in office right-principled persons with the strength and character and ability to obtain right and fair consideration for the taxpaying public. .

Money won't begin to compensate for the time and effort that must be spent in trying to get fair representation commensurate to our taxation. We must stand solid as a fourth district in order to win our just dues on budget appropriations for sufficient roads, efficient hospitalization, adequate flood control, proper zoning, planning and sanitation, and efficient county airport operation. A coordinated program of county betterment for industry, agriculture resort areas is of utmost importance. and will be a dominant factor of a great County in a great state. A desert sub-courthouse is mandatory for proper administration.

4. MY ESTIMATE OF HOW TO ACCOMPLISH THE JOB: We cannot be revolutionary, we must be temperate and patient. Our purposes and aims will evolve naturally without forcing if we handle the problem with the right equation and finesse. We can't kick the other supervisors in the teeth or be too demanding; we must not try to "turn over apple carts" or be too reactionary at the outset. It will take tactful doing to win the confidence and respect of the opposition. Time will tell-your advice and counsel will be heeded and accepted.

5. WAYS TO ACCOMPLISH OUR MISSION: Assuming that our estimate of the situation is correct we must have a plan for accomplishing our aims and purposes. In the first place the District is far too large for any one man to properly serve, and redistricting is in order. I must have the assistance and cooperation of every city council, chamber of commerce and civic group in the entire District. I will give you weekly reports on what transpires at the weekly meetings of the Board of Supervisors. You in turn consolidate, filter and evaluate all wants and desires of groups in your area. I will consult with your group on a pre-arranged date each month. We then plan our attack and method of approach on a sound basis and come to a decision on action to be taken. With this type of planned and coordinated operation we are bound to win our just dues.

> Thanks. BOB ELLSWORTH

Game Fish For Salton

Village fishermen next year won't have to travel so far for deep sea game fish.

Word was received this week that federal, state and private fishing groups are experiment-ing with game fish from the Gulf of California in the Salton

Sea.

If the experiment proves successful, there should be good fishing there within a year, officials said.

More than 200 game fish of several varieties, as well as crabs and various fish-food organisms have been planted.

the Palm Springs league games. Two girls teams are being planned. One, the Globe Trotters,

Two practice nights have been assigned each of the eight teams by S. league and when S. league and S. league and W. leagu in the P. S. league and when they are completed, practice games are being lined up before the start of league play a week from next Monday

Maurice Smith Winner in First J. C. Golf Joust

Maurice Smith carded a gross 80 in the first annual Junior Chamber of Commerce golf tournament last Sunday morning on the O'Donnell course and walked away with Class A honors.

Runner-up was Dr. C. H. Bald-win with an 82. Twenty four Jaycee members competed in the tournament which was split into three classes, A. B and C according to prowess of the individual golf-

In Class B, the winner was

the tournament and plans were mapped by the Jaycee to make the event an annual affair each spring.
